

Musical Jacksons Make New Music Video in Lake County

By Woodrow Wilcox

Cousins of the famous Jackson family of Gary that includes Michael Jackson, Janet Jackson, and LaToya Jackson brought their band to The Music Barn in Lake County for making a new music video.

“Triple Dose” is the name of the band that has Sonte Vales on guitar, Danny Barrett on keyboard, Keith Stubblefield on drums, Smoothy Jackson on guitar, and Keith Jackson on bass and percussion. Smoothy Jackson and Keith Jackson are from Gary, Indiana and are cousins of the famous Jackson Five. The other members of the band are from Chicago and Joliet.

The April 30 music video session was the third time that the band “Triple Dose” had used The Music Barn to produce a music video. Keith Jackson used The Music Barn to make a music video when he was a member of another band before he helped to form “Triple Dose”.

“We keep coming back to The Music Barn because we always get great service, great music videos, and great value for our money,” Keith Jackson explained.

The Music Barn in Lake County has a sound stage studio with 32 tracks, 128 miditracks, and Digital Performer AV. During the music video shoot with “Triple Dose”, The Music Barn used nine technicians and ten video cameras to record the performances.

“Triple Dose” concentrates their music in Reggae, Rhythm and Blues, and Pop music.

“We want to play music that the audience likes,” Sonte Vales explained. “We’ll even try to perform some Bluegrass music if that’s what people want to hear,” he added. Sonte Vales picks guitar for “Triple Dose” and writes and performs jingles for radio commercials.

The Music Barn specializes in creating music videos that are good enough to show on television but which are usually used by bands to interest agents in hiring them. The Music Barn just recently started again to show music videos on public access television channels. The Music Barn is now making affordable television commercials for cable television, training videos, and pilot television shows. Also, The Music Barn is available to “fix” bad wedding videos.

For more information about the band “Triple Dose”, call 219-798-3010. For more information about The Music Barn, call 219-985-1725.
